Gunnery Training Systems (GTS) provides gunnery simulation training for crews and platoons in the Abrams Main Battle Tank, the Bradley Fighting Vehicle and the Stryker Mobile Gun System.

GTS will provide an acquisition and contract strategy for implementing a common product line approach in support of multiple gunnery simulation platforms. This implementation will address the development, production, tech refresh, concurrency, configuration management, and total life cycle management of the various GTS simulation systems.

This effort will include Risk Management Framework (RMF) certification/recertification and embedded training support.

ACQUISITION STRATEGY

- Acquisition Strategy: Competitive
- Contract Vehicle: Single award ID/IQ with multiple DOs
- Contract Type: FFP/CPFF

PERIOD OF PERFORMANCE

- 7 Year Contract with additional 2 year delivery period
