

Mobility Training Snapshot

- **Continuing to Adapt Training Programs to the “Pace of Change”**
 - “Accelerate Change or Lose” vs. “No More Money & No More People”
 - Portfolio Growth in Weapons Systems Sustainment & Training Systems
 - Training Needs Assessment (TNA); Training Systems Requirements Analysis (TSRA)
 - Uncertainty in Student Production (Methods & Numbers)
 - AFFORGEN Implementation (Mission Support vs. Readiness Needs)
- **Growing Readiness Need to Expand Distributed Mission Operations (DMO)**
- **Blending Emerging Technologies / Capabilities into Training Pipelines**
 - JADC2, Tac Data Link, BLOS, JMPS, ACE, SFO, Multi-Capable Amn, etc.
 - Growing Lower-Cost / Lower-Fidelity Training Devices (Unfunded Requirements)
- **Threats/Risks**
 - Inflexible/Out-Dated Acquisition Processes; Cybersecurity Impacts to Network Access; & \$\$\$
 - Contract Flexibility Remains Essential to Success; More Quickly Adapt to Rqm’t Changes
 - Lack of Effective Performance Feedback, Learning & Training Management Tools

Let's Go!
