**THE WORLD'S LEADING ASSOCIATION FOR
MODELING, SIMULATION AND TRAINING**

WHAT IS NTSA?

The National Training and Simulation Association brings government, academia and industry together to develop new training and simulation solutions. By organizing a variety of industry forums and association-sponsored events, NTSA provides the Modeling & Simulation community with a means of communicating the full capabilities and characteristics of training systems and mission planning while promoting their business interests in the marketplace. Additionally, NTSA manages the Certified Modeling & Simulation Professional (CMSP) program to signify individuals' knowledge and expertise within the field. As a recognized, formal organization that fosters the discussion of requirements, procurement issues and policies, NTSA builds relationships between the training industry, planners, and acquisition agencies. Accordingly, NTSA is a proud affiliate of the National Defense Industrial Association (NDIA).

ASSOCIATION OBJECTIVES

- **DEMONSTRATE** to government the non-partisan business interests of simulation, training, mission planning/rehearsal and support services.
- **INCREASE** the value of training systems and services provided by industry and government.
- **INFORM and EDUCATE** the legislative policymaking acquisition and regulatory functions of government, including Congress, the DoD and other agencies.
- **FOSTER** direct contact between acquisition activities and industry to better communicate procurement issues and policies.
- **PROMOTE** the highest level of responsibility and business ethics among Association members.
- **ACT** as a clearing house for business policy, ethics and practices affecting industry.
- **PROVIDE** industry-wide bulletins and news reports.
- **PARTICIPATE** with, inform and support the training and mission planning/rehearsal related activities of other industry associations such as AIA, EIA, ITEA and other Divisions of NDIA.

RADM JAMES ROBB, USN (RET)

President, National Training and Simulation Association

Following his graduation from Rensselaer Polytechnic Institute, his designation as a Naval Aviator, and training

in the F-14 Tomcat, Admiral Robb deployed nine times across the globe accumulating over 5,000 hours and 1,000 carrier landings.

After a tour flying Russian fighters in the Nevada desert, he commanded Fighter Squadron Fifty-One, Carrier Air Wing Nine, the Navy Fighter Weapons School (TOPGUN), and Carrier Strike Group Seven. As a Flag Officer, he managed all Naval Aviation Programs (N980) and was the Director of Navy Readiness (N43).
